

RAVA Concentrate is an enzymatic technology product for the removal of odors. Built around a green chemical concept, RAVA has been designed to be a simple dilution with water in a spray bottle for easy use and cost savings. 3-week long field tests at Portland Airport Rental car locations proved the RAVA product to be well received by management and wash bay employees. Standard comments were very positive in regard to non over powering fragrance and the excellent effectiveness of the product to remove odors. Descriptions by wash bay employees were, "RAVA is Amazing".

Simply pour, pump, or dose 4 to 6 ounces of RAVA in a 32oz spray bottle and fill with water. Spray or mist into clothing, carpet, flooring. Use in hotel rooms, auto interiors, pet areas, home, office, trash cans, aircraft.

RAVA utilizes a combination of Fragrance, Enzymes and Natural Extracts to help immediately provide a fresh smell while the enzymes and natural extracts do their job at attacking odors at their source.

RAVA 5X concentrate is easy to use and cost effective for commercial and institutional applications.

RAVA comes in 5 fragrances: Cherry, Green Tea & Ginger, Vanilla, Lavender, Citrus Mint. Safe to use on fabric, Clothing, carpet, upholstery, walls, ceilings and more.

Removes; wood and cigarette smoke, pet urine, pet odors, and a variety of other odors.

Made from over 95% food grade ingredients. Nontoxic, biodegradable.
